# REPORT OF THE MILFORD INDUSTRIAL DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen and Citizens of the Town of Milford:

The year of 1972 has been very fruitful for the Industrial Development Commission. We are pleased to report two new industries, Waters Associates Incorporated and the Foster Forbes Glass Company which is a division of the National Can Company, have located in Milford. These two companies, in addition to the Alden Self-Transit Systems Company, brings the total to three new industries locating in our town during the past two years. The firms expect to employ a total of approximately 600 initially, followed by a controlled growth rate.

During the year, the Industrial Development Commission has met with Realtors, Developers, Land Owners, Town Officers and other interested parties to discuss growth and improvement within the industrial areas thereby maintaining a progressive attitude for industrial development.

This commission has also been working very closely with the greater Milford Overall Economic Development Commission (OEDC) and the Massachusetts Department of Commerce in order to make the Milford area eligible for Federal and State Aid thus stimulating industrial development.

The Commission expresses its appreciation to the members of all Town Departments and the Board of Selectmen for their assistance and co-operation.

Meetings are held every third Monday of the month. All interested persons are welcome to attend.

Joseph Rosenfeld, Chairman  
John J. Mazzone, Vice Chairman

## ANNUAL TOWN MEETING, March 15th, 1972

### Commonwealth of Massachusetts

The meeting was called to order by Moderator Allegrezza at 8 P.M. The Monitors reported 166 persons present, a sufficient number to constitute a quorum. The Town Clerk read the warrant and the officers return thereon.

The Monitors appointed by the Moderator were: Henry J. Consigli, Joseph DiAntonio, Arthur Vesperi, Renaldo A. DeLuzio, Atty. Angelo Niro and Joseph L. DeLuca.

Radio Station WMRC was given permission to broadcast the meeting.

Chairman of Selectmen Emilio E. Diotalevi was given permission to address the meeting.

Chairman of Finance Domenic D'Alessandro was given permission to address the meeting.

The following resolution was read by Atty. Pacifico M. DeCapua:

### RESOLUTIONS

#### IN MEMORIAM

WHEREAS, the untimely death of Superintendent of Schools David I. Davoren on July 16, 1971, left a community bereft and stunned,

WHEREAS, Mr. Davoren had served our schools in every capacity, teacher, junior high school principal, high school principal, and since 1947 as Superintendent of the Milford Public Schools, forty years of service to the youth of Milford as an educational leader,

WHEREAS, the School Department, during Mr. Davoren's tenure as Superintendent of Schools, has had its most significant growth, and his leadership has been felt in every area, school building needs, school curriculum expansion and progress, directed by his humane understanding of the needs of the school children of the town,

WHEREAS, his sacrifice of self and use of professional and personal talents was the moving force for construction of the Memorial Elementary School and created the added force that made the new Milford High School a reflection of his entire life and love,

WHEREAS, every segment of our town government—our community, religious, social and civic activities of our town have been beneficiaries of his leadership and labors,

THEREFORE, be it resolved that we, the members of the Milford School Committee and the Milford School Building Committee, present these resolutions to the Town Meeting, and that a copy be spread on the records of the town and suitable tribute be paid by the meeting to this longtime town meeting member and faithful servant of the town.

The assembly stood in silence.

Article 1. To hear and act upon reports of all Town Officers and Committees of said Town.

It was voted to accept the report of the various departments as appearing in the Town Report.

Article 2. To see if the Town will amend the Wage and Salary Schedule of the Wage and Salary Administration Plan in the following manner as recommended by the Personnel Board.

Article 65. To see if the Town will vote to amend the Milford Zoning By-Law as follows, or act otherwise in relation thereto: Amend Section 3.8 by deleting it in its entirety and substituting the following:

“3.8 Planned Unit Development — Parcels in excess of ten acres located within an RB or RC district may be subdivided and or developed for Planned Unit development if approved by the Board of Appeals for a Special Permit for such Development. Such approval shall be granted only upon the finding by the Board of Appeals that the proposed development will be superior to a conventional plan in preserving open space for conservation or recreation, utilizing natural features of the land, allowing more efficient provision of public services, and at least equal to a conventional plan in other respects. Such sub-division and or development shall be subject to the following regulations and conditions.

3.8.1. The total number of dwelling units shall not exceed the number of buildable lots into which the land could legally be subdivided were it not for the provisions of this section, to be estimated in the absence of an alternative conventional plan as being equal to 85 percent of the overall parcel area minus unbuildable land as determined by the Planning Board divided by the minimum lot area requirements for the residential district within which the parcel is located.

3.8.2. The intensity of use requirements of Section 2.5 for the RB district shall be conformed to for each lot located in the RC district and the intensity of use requirements of Section 2.5 for the RA

district shall be conformed to for each lot located in the RB district. Section 2.3 notwithstanding, multi-family dwellings or attached single-family dwellings are permitted uses in a Planned Unit Development within the RB district.

3.8.3. The lots for building purposes shall be grouped in a cluster or clusters, and within each cluster the lots shall be contiguous.

3.8.4. All remaining land in the development, not contained in building lots or within road rights-of-way, shall be in parcels of not less than two acres each in area. Each such parcel shall have not less than 40 feet of frontage on a street, and be of such shape and condition as to be usable for recreation or conservation purposes. Such remaining land shall not be less than 15 percent of the overall parcel area of the Planned Unit Development, and building coverage shall not exceed 5 percent in such remaining areas.

3.8.5. All such remaining land shall be either: acceptable to and deeded to the Town of Milford or its Conservation Commission: or conveyed to an incorporated homeowners association or to a trust and permanently dedicated by covenant or comparable legal instrument, to the community use of the residents of the dwelling within the development, for recreational purposes only. In the case of a homeowners association or trust, maintenance shall be permanently assured through the homeowners association or trust, operating under a recorded land agreement through which each lot is subject to a charge for a share of the maintenance expenses; or through comparable arrangement satisfactory to the Board of Appeals. The future ownership of such remaining land shall be specified by the Board of Appeals as a condition of the Special Permit.

3.8.6. When such remaining land is conveyed to persons or entities other than the Town of Milford, the Town shall be granted an easement over such land sufficient to ensure its perpetual maintenance as conservation, recreation, or park land.

3.8.7. Application for a Special Permit for Planned Unit Development shall be accompanied by a sub-division plan designating streets, lots, parcels to be dedicated, and parcels for community use. A copy of the plan and of the application shall be transmitted by the Board of Appeals to the Planning Board, and to the Board of Health, and no decision on a Special Permit for Planned Unit Development shall be made within 60 days of application without receipt of a report thereon by both the Planning Board and the Board of Health.

3.8.8. Subsequent to approval of such Planned Unit Development, no land therein shall be sold and no lot line or structure shall be altered in such way as to increase the number of lots or the extent of non-conformity with the provisions of Section 2.5 of this By-Law.

3.8.9. Prior to development or sale of any lot within a planned development, all lots to be so developed shall be shown on a plan recorded in the Registry of Deeds, or take any action in relation thereto. (Planning Board).

Voted: To pass over the article.

Article 66. To see if the Town will vote to amend the Milford Zoning By-Law by adding Section 3.11, Housing for the Elderly, to read as follows: "3.11 Housing for the Elderly."

On special permit from the Board of Appeals, requirements of this By-Law may be reduced as follows for multi-family dwellings in which two-thirds or more of the units are reserved through contract, covenant, or other binding legal device for occupancy by persons 62 years or older, and where construction provides features specifically designed for the elderly including all public areas and entrances and at least 10 percent of all units designed to accommodate wheelchairs, and provision of special function rooms such as infirmaries or social rooms. Reductions shall apply only to units having two or fewer bedrooms, equipped with bathtub and toilet grab bars, emergency signals, out-swinging doors and other features for the elderly.

3.11.1. Parking requirements may be reduced to not less than 213a space per elderly dwelling unit for units publicly owned or leased, and to not less than 1 space per dwelling unit for others.

3.11.2. Lot area per elderly dwelling unit in addition to the first two may be reduced to 50 percent of that required by Section 2.5, Intensity of Use Schedule.

3.11.3. Maximum building coverage may be increased to  $(1 + .5 E-T)$  times that required by Section 2.5, where E is the number of units reserved and equipped for the elderly, the T is the total number of units.

3.11.4. Minimum open space per elderly dwelling unit may be decreased to 40 percent of that required by Section 2.5, or take any action in relation thereto. (Planning Board).

Voted: To pass over the article.

## **SPECIAL TOWN MEETING, June 21st, 1972**

### **Commonwealth of Massachusetts**

The meeting was called to order by Moderator Allegrezza at 7:30 P.M.

The Monitors checked the precincts and 144 persons were declared present, a sufficient number for a quorum.

The Town Clerk read the warrant and the Officer's Return thereon.

A verbal report was given by Domenic D'Alessandro for the Finance Committee.

WMRC was given unanimous consent to broadcast the meeting. It was moved and seconded to take Article 5 first.

Article 5. To see if the Town will vote to amend the Milford Zoning By-Law by amending the Zoning Map as follows:

To change a portion of the present Industrial A District to a Residential A District.

The area bounded northerly by a proposed road from Purchase Street to Sumner Street, a distance of 460 feet, southerly by the present Industrial A District and westerly by the present Residential A zone line, or take any action in relation thereto. (Planning Board).

The Planning Board reported favorable action.

Voted: That the Town vote to amend the Milford Zoning By-Law by amending the Zoning Map as follows:

To change a portion of the present Industrial A District to a Residential A District.

The area bounded northerly by a proposed road from Purchase Street to Sumner Street, a distance of 460 feet, southerly by the present Industrial A District and westerly by the present Residential A zone line.

Voice vote unanimous.

Article 1. To see if the Town will vote to amend the Milford Zoning By-Law by adding Section 3.11, Housing for the Elderly, to read as follows: 3.11 Housing for the Elderly.

Requirements of this By-Law are to be reduced as follows for multi-family dwellings, constructed and maintained and managed by the Milford Housing Authority as organized under the provision of Section 26K of Chapter 121B of the Massachusetts General Laws which shall be used strictly for State-Aided Elderly and where construction provides features specifically designed for the elderly including all public areas and entrances and at least 5% of all units designed to accommodate handicapped and provision of special function rooms and social rooms. Reductions shall apply only to units having one bedroom and bathroom equipped with bathtub, lavatory and toilet, grab bars, emergency signals, out-swinging or sliding doors, and other features for the elderly.

3.11.1 Parking requirements may be reduced to not less than  $\frac{1}{2}$  space per elderly dwelling unit so constructed, maintained and managed.

3.11.2 Lot area per elderly dwelling unit in addition to the first two may be reduced to 40% of that required by Section 2.5, Intensity of Use Schedule.

3.11.3 Maximum building coverage may be increased to  $1\frac{1}{2}$  times that required by Section 2.5.

3.11.4 Minimum open space per elderly dwelling unit may be reduced to 40% of that required by Section 2.5.

3.11.5 Maximum building heights allowable to be limited to two stories, or take any action in relation thereto. (Housing Authority).

The Planning Board reported favorable action.

Two amendments were made and ruled out of order by the Moderator.

It was moved the "previous question."

A standing vote taken and 165 voted in favor and 3 opposed. Question now came on the motion.

Voted: That the Town vote to amend the Milford Zoning By-Law by adding Section 3.11, Housing for the Elderly, to read as follows:

3.11 Housing for the Elderly.

Requirements of this By-Law are to be reduced as follows for multi-family dwellings; constructed, maintained and managed by the Milford Housing Authority as organized under the provision of Section 3 of Chapter 121B of the Massachusetts General Laws, which shall be used strictly for State-aided elderly and where construction provides features specifically designed for the elderly including all public areas and entrances and at least 5% of all units designed to accommodate handicapped and provision of special function rooms and social rooms. Reductions shall apply only to units having one bedroom equipped with bathtub and lavatory and toilet, grab bars, emergency signals, out-swinging or sliding doors, and other features for the elderly.

3.11.1 Parking requirements may be reduced to not less than  $\frac{1}{2}$  space per elderly dwelling unit so constructed, maintained and managed.

3.11.2 Lot area per elderly dwelling unit in addition to the first two may be reduced to 40% of that required by Section 2.5, Intensity of Use Schedule.

3.11.3 Maximum building coverage may be increased to  $1\frac{1}{2}$  times that required by Section 2.5.

3.11.4 Minimum open space per elderly dwelling unit may be reduced to 40% of that required by Section 2.5.

3.11.5 Maximum building heights allowable to be limited to two stories.

3.11.6 To authorize the Milford Housing Authority to use these reductions for Project 667-4.

141 voted in favor and 17 opposed.

Article 2. To see if the Town will vote to direct the Selectmen to petition the General Court for legislation to ratify and confirm the acts and proceedings taken at the 1972 annual town meetings, notwithstanding the failure to state in the warrants the times and places of holding said meetings; and to ratify, validate and confirm all acts of town officials pursuant to votes adopted at said meetings, but only to the extent of the deficiencies in the town meeting warrants. (Board of Selectmen).

The Planning Board reported favorable action.

Voted: That the Selectmen petition the General Court for legislation to carry out the purposes of Article 2.

This article is prompted by a suggestion by legal counsel for the bonding agency with which the Town usually processes its bond issues. Its purpose is to correct a technical deficiency in the warrant for the annual town meeting of 1972. The legislative act which would emanate from favorable action on this article would have the effect of precluding the raising of the question of legality of acts performed

as a result of votes on articles at these town meetings, based solely on the matters set forth in the article.

Voice vote unanimous.

Article 3. To see if the Town will vote to raise and appropriate the sum of \$12,000.00, for a Sewer Line Extension on Colonial Road, for a distance of approximately 400 feet, or take any action in relation thereto. (Sewer Commissioners).

Voted: That the Town vote to raise and appropriate from available funds the sum of \$12,000.00 for a Sewer Line Extension on Colonial Road, for a distance of approximately 400 feet.

Voice vote unanimous.

Article 4. To see if the Town will vote to raise and appropriate the sum of Five hundred fifty (\$550.00) dollars for the purpose of erecting a protective fence in the Fruit Street Playground, or take any action in relation thereto. (Park Commissioners).

Voted: That the Town vote and appropriate from available funds the sum of \$550.00 for the purpose of erecting a protective fence in the Fruit Street Playground.

Voice vote unanimous.

Article 6. To see if the Town will vote to amend the Milford Zoning By-Law by amending the Zoning Map as follows:

To change an existing Residential B District to an Industrial B District by moving the existing Industrial B Zone line 500 feet westerly from its present location between Medway Street and the Penn Central Company property.

The new area will be bounded southerly by the southerly side-line of Medway Street, westerly by a Residential B District, northerly by the Penn Central Company property and easterly by the existing Industrial B Zone line, or take any action in relation thereto. (Planning Board).

The Planning Board reported favorable action.

Voted: That the Town vote to amend the Milford Zoning By-Law by amending the Zoning Map as follows:

To change an existing Residential B District to an Industrial B District by moving the existing Industrial B Zone line 500 feet westerly from its present location between Medway Street and the Penn Central Company property.

The new area will be bounded southerly by the southerly side-line of Medway Street, westerly by a Residential B District, northerly by the Penn Central Company property and easterly by the existing Industrial B Zone line.

Voice vote unanimous.

Article 7. To see if the Town will vote to amend the Milford Zoning By-Law by amending the Zoning Map as follows:

Extend the existing Highway Commercial Zone on the northeasterly side of West Street by rezoning from Rural Residential to Highway Commercial an area bounded on the northwest by the existing Highway Commercial District, on the northeast by a line parallel to and 400 feet northeasterly of the easterly side line of West Street, southeasterly by land now or formerly of Lawrence and Catherine Ghelli, being shown on the Assessor's Map Sheet 39 as Lot 59 and by land now or formerly of Austin and Theresa Clapp, being shown on the Assessor's Map Sheet 39 as Lot 58, and southwesterly by the southwesterly line of said West Street, being also the existing Highway Commercial District (CC), or take any action in relation thereto. (Planning Board).

The Planning Board reported favorable action.

# THE ANNUAL REPORT OF THE BOARD OF SELECTMEN

Following is the report of the Board of Selectmen to the residents of the Town of Milford.

**Industry.** For the first time in many years Milford has attracted major industry to the town. The first to come was Waters Associates, the leader in liquid chromatography. Waters came from Framingham and has been involved in various aspects of liquid chromatography for over ten years.

Liquid chromatography analyzes chemicals by separating them into their individual chemical compounds. One of the reasons liquid chromatography is growing so rapidly is the recognition of customer management that it could save them considerable amounts of money by performing various purity tests and other types of analyses far more rapidly than previous methods.

Users of this method are food chemists who measure purity levels in carbonated beverages and cooking oils. It is also used by police chemists to perform positive identification of confiscated narcotics.

Liquid chromatography is also used in many other areas and is rapidly growing, thus the reason for Waters Associates moving to Milford.

By this July 150 people, mostly from Milford will be employed by Waters and within 5 years it is anticipated that 600 people will be working for Waters Associates in Milford.

The second industry to come to our town was the glass division of the nationally known National Can Co., Foster-Forbes Glass Co.

Being a national company the Milford plant will be the fourth glass plant of Foster-Forbes in the country.

Manufactured at the plant will be glass bottles and glass containers of various types. Foster-Forbes will employ about 250 people the first year, many from Milford and approximately 500 the second year.

In reaching a crossroad in the history of our town, much long and hard work has gone into attracting and finally realizing the actual establishment of the above named industries in Milford. Your Selectmen are grateful for the help and cooperation they received from the IDC and other town boards as well as the greater Milford Chamber of Commerce, bringing much needed industry to Milford. In brief it helps to broaden our tax base and it provides jobs. It is economically sound.

## **Emergency Employment Act**

Without question the E.E.A. has greatly helped the town and its officials.

It enabled us to seek the expertise needed in many areas and to strengthen departments which needed help. The town charter, which was defeated at the polls by the electorate and although con-

troversial, did contain many good points and your Selectmen did initiate some of the positions suggested by the charter. This helped to streamline government in Milford. The Town was able to obtain nearly \$150,000 from the Federal Government relative to the E.E.A. It has been a tremendous success.

### **Capital Improvements Committee**

This is a committee which has been advocated for many years and has finally been approved by the town meeting. It will provide for an orderly and well planned manner in spending large amounts of money. This will be done by priorities and will stop some of the haphazard spending procedures of the past.

### **B.O.T.H.**

A committee made up of the Chamber of Commerce, the Hopedale Garden Club, Milford Retail Merchants, Milford Historical Commission and the Selectmen have started to Beautify Our Town Hall (B.O.T.H.). As you will note as you go by the Town Hall shrubs have been planted and walks provided in an attempt to restore some of the original beauty to this landmark of our Town.

Contributions to the extent of more than \$8,000 have been received from business and civic leaders, from various clubs and organizations and from you, the people of Milford.

### **Dilapidated Buildings**

During the year, your Selectmen have worked closely with the Board of Health and the Town Counsel to have all unsightly buildings in Milford either repaired or removed as soon as possible. We continue to attempt to make our Town as clean and attractive as possible.

### **Proposed East Main St. Gas Station**

Your Selectmen fought to prevent the construction and operation of a gas station at the site of the old Johnson Bus Terminal.

While we feel that there are numerous gas stations in the area, more importantly there is a safety factor involved. The Plains School where there are many young children is very close by. In our opinion the safety of these children is at stake. Traffic which has increased greatly is another factor and the strong feelings of residents in the area against this proposal has prompted your Selectmen to use whatever legal means possible to prevent the possibility of a gas station on this site. We are presently involved in litigation over this proposal; we hope we will win and we can assure you, the people of Milford, that we will continue to fight for your welfare and well being.

While this proposal involved one area of Town, we promise to stand up and be counted at all times over every issue when necessary.

### **Incinerator**

With the problems we have encountered at our Sanitary Land Fill site, your Selectmen have met with a New Jersey firm dealing

with the possibility of constructing an incinerator in the Braggville section of Town. Hearings were held and some objection was received. The proposed building will be well off the road and your Selectmen will insist on proper safeguards should this become reality. The company would pay taxes to the Town and employ 30 to 40 people, again mostly Milford residents. This is another form of industry for the Town.

### **Registry of Motor Vehicles**

Your Selectmen continue to fight for the re-location of the Registry of Motor Vehicles branch in Milford. We are looking for the most feasible and economic way of doing so and will continue in this vein.

### **Licenses and Permits**

Throughout the year the Board of Selectmen, under the jurisdiction of the General Laws, has acted upon applications for various licenses and permits. We have done so fairly and impartially and with the best interests of the Town in mind at all times.

### **Street Lighting**

With public safety and the convenience of our people in mind, your Selectmen have expended monies during the year to provide street lights for newly accepted streets throughout the Town and increased street lighting in certain areas. This was done as a result of surveys conducted by the Massachusetts Electric Company and after various meetings with the company by Selectmen.

With the view toward enhancing public safety, the Board is currently undertaking a program of increased illumination throughout the town. This program involves the conversion of all 1,000 lumen incandescent street lights to 3,500 lumen mercury vapor lights. The estimated cost of the program is \$20,000 one third of which will be appropriated for conversion this year.

### **Recreation**

With the establishment of a Recreation Department by your Selectmen and the coming of Sons' Memorial Arena, which was strongly endorsed by the Selectmen, recreation has taken a new and bright outlook in Milford.

Never before have there been programs for people of all ages at all times and the future looks excellent for those who wish to participate.

### **Police Department**

With the retirement of the able Police Chief William F. Fitzpatrick, the Police Department has a new Chief in the very dedicated and capable, John J. McGrath.

The Selectmen believe that under Chief McGrath's devoted leadership that the Milford Police Department will continue a long standing tradition of outstanding service to the people of Milford.

**Outlook**

Certainly, like all towns we have had our problems, but your Selectmen have met them head on. Our decisions were not always popular but we believe that they were in the best interests of the people of Milford. We have worked many hours and on many days and nights always with you, the people, in mind.

We believe that the outlook is bright. We have excellent schools, great police and fire departments, dedicated public employees, diligent and sincere public servants and most importantly we have a fine citizenry. Together we can make Milford prosper.

As a Board and individually we would like to thank all Town Officials and Departments for their complete co-operation and assistance throughout the year. Also our deepest gratitude goes out to our ever able and dedicated Town Clerk Catherine L. Coyne and to the always available and knowledgeable Town Counsel Michael P. Visconti.

Last, but certainly not least, we are grataeful to you the people of Milford for allowing us to serve you on the Board of Selectmen.

Respectfully submitted,

EMILIO E. DIOTALEVI, Chairman  
JOHN T. MAHER  
MICHAEL J. NOFERI

## TOWN COUNSEL'S REPORT

To The Honorable Board of Selectmen:

Herewith, I submit the annual report of the Town Counsel of the Town of Milford from March 1, 1972, through December 31, 1972.

Upon the resignation of my predecessor in office, I assumed the duties of Town Counsel on March 1, 1972. Existing at that time were a variety of numerous claims against various town departments and officials. Some of them have not yet been finally disposed of one of which is presently pending in the Massachusetts Supreme Court. (Town of Milford v. Quincy Quarry Company). This case was tried in the Land Court at Boston and a finding was made by the Court in favor of the town.

Remaining to be disposed of either by settlement or court trial, are eight personal injury claims, five of which are awaiting trial; six property damage claims, one of which is awaiting trial. Also, presently pending in the Superior Court are two Bills in Equity and a Petition for a Writ of Mandamus.

In addition to trying cases in the Superior Court, such as the cases of the Building Inspector v. First Equity Associates, Inc., and the Director of Water Pollution Control v. Town of Milford, I appeared before the Civil Service Commission in the matter of Board of Health v. Mele and the Tax Appellate Board in the matter of Gibbs Tire Depot, Inc. v. the Board of Assessors. As to hearings before the Tax Appellate Board it appears that at least eight are due to be held shortly.

During my tenure as Town Counsel I have, also, upon request, rendered opinions on different questions asked of me by town officials. Many conferences were held with department heads and appearances were made before some of the Boards.

In conclusion, I want to take this opportunity to inform the people of Milford that I believe a Law Department, consisting of at least two lawyers, should be established in Milford with a central office located at the town hall where all records and files may be kept. Having had the experience of being Town Counsel in 1949, I can attest to the fact that the problems of today, arising as a result of the growth of the town, are truly many and complex as compared to those that existed only a short few years ago. Such being the case, it is my considered opinion that adoption of this recommendation will be highly beneficial to the town.

For the kind and understanding cooperation I received from the Selectmen, their Executive Secretary, and all other town officials throughout my term of service, I am truly grateful.

Respectfully submitted,

MICHAEL P. VISCONTI  
Town Counsel

## **REPORT OF THE BOARD OF SEWER COMMISSIONERS FOR 1972**

To the Citizens of Milford

The Board of Sewer Commissioners respectfully submits this report on the Milford Sewerage System for 1972:

**Collecting System.** Routine maintenance of the sewer collecting mains was performed on a continuing scheduled basis, utilizing the jet cleaning equipment for cleaning and flushing, resulting in much more economical and effective results. Sewer main extensions, because of the ban by the State Division of Water Pollution Control, have been limited to locations of trouble with separate disposal systems, and to replacement of existing lines. This included the replacement of 1158 feet of 6-inch pipe in Congress Street, from

Walnut Street to beyond Hale Street, with a new 12-inch main, and a new sewer in Colonial Road from Congress Street, 475 feet and in Tyler Street from Silver Hill Road to Purchase Street, 700 feet. In addition a new section of main was laid in Congress Street from Fountain Street southerly 170 feet to the end of the existing sewer in Congress Street, to provide increased outlet capacity for the sewer system above this intersection and to afford some relief to the main interecptor line below Dilla Street, by diverting sewage previously flowing to Fountain Street.

A TV camera inspection was made of some of the sewer lines, resulting in recommendations for repair work to the main inlet sewer at the Treatment Plant.

New and existing construction is summarized as follows:

**Sewers constructed by Town:**

Congress St.—12" (Replacing 6")	1158 feet
Congress St.—12" (New Relief Connection)	170 feet
Colonial Road—8" (New)	475 feet
Tyler St.—8" (New)	700 feet
	<hr/>
Total New Construction	1345 feet=
	0.255 miles
Previously reported	43.879 miles
	<hr/>
Total Sewer	44.134 miles
<b>Service Connections added</b>	131
Previously reported	4040
Total Services	4171
	<hr/>

In addition, sewers were constructed by private developers, for future connection to the sewer system, when approvd and accepted.

**Pumping Stations** Routine operation and maintenance was performed at the six district pumping stations, which are as follows:

- Depot Street Station
- Charles Street Station
- Medway Road Station at So. Main Street
- Birch Street Station—south of Medway Road
- Medway Road Stationat Route I-495
- Dilla Street Station

In addition, there are two pumping stations operated and maintained by private developers in the area west of Highland Street, and an ejector station at the hospital on Asylum Street.

**Treatment Plant** Routine maintenance and operation at the treatment plant was performed, and the treatment plant effluent chlorinated during the summer months. The primary and secondary treatment provided by the plant, resulted in an average removal of

B.O.D. of between 85 and 90 per cent, which is considered very good for this type of treatment. Sewage flow received at the plant continues to show the effects of high run-off periods, reaching the sewers during wet periods by some abuses of the system by the use of cellar sump pumps, cellar drain connections or similar unauthorized use. The Town will be obligated to eliminate such abuses, particularly in reference to the proposed revision of the treatment plant to provide tertiary treatment as ordered by the State.

Flow received at the plant by months is summarized as follows, in million gallons (M.G.):

Month	Total Flow Million Gallons	Ave. Daily M.G.D.
January	76.094	2.45
February	66.396	2.29
March	127.977	4.12
April	88.339	2.94
May	114.709	3.70
June	128.386	4.28
July	79.775	2.57
August	42.266	1.36
September	38.816	1.29
October	41.169	1.33
November	91.622	3.05
December	126.283	4.07
Yearly Total	1,021.832 Million Gallons	
Average Daily Flow	2.79 Million Gallons	
Maximum Day	5.776 Million Gallons	
Minimum Day	1.137 Million Gallons	

**General** Because of the occurrence of raw sewage overflow from some locations along the trunk sewers, the State Division of Water Pollution Control ordered a ban on the issuance of permits for sewer extensions or for sewer connections. As a result hearings were held with the State authorities in reference to the pending case against the Town brought by the Division of Water Pollution Control, to determine what steps could be taken to alleviate these conditions of overflow and thus permit an easing of the ban on sewer connections, in certain areas. Upon completion of the Congress Street relief connection a limited number of permits were authorized for the area served by sewers above the intersection of Congress and Fountain Streets, and above Dilla Street—with all other connections banned except as authorized by the State because of particular conditions. Upon agreement by the Town to proceed with general improvements to the sewerage system, permits are to be allowed in other areas of the Town, but only upon approval by the State Division of Water Pollution Control. This agreement includes a general over-all study of the sewer system and its present condition, approval of funds for reconstruction of certain relief trunk lines, and for design and construction of tertiary treatment facilities, all in accordance

with an established schedule. These requirements will result in appreciable increased costs for sewerage, both in construction and in operation and maintenance.

**In Memoriam** The Board announces with deep regret, the death of John L. Moschilli, who had served the Town as Clerk of the Board of Sewer Commissioners for many years, and expresses its appreciation for his devotion to this work.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and The Citizens of The Town of Milford:

Herewith I submit respectfully the ninety-fourth annual report of the School Department and my second as Superintendent of Schools.

The task of having all the personnel of a school system keep pace with current, and anticipated-future educational activities, is con-

sidered by many to be a sufficiently difficult and time-consuming challenge. The challenge is compounded in a town such as ours when a rapid increase in the school population is coupled with the state mandated Kindergarten program in September 1973. Clearly the need for more classroom space has reached a near-crisis stage.

But in addition to all this we are confronted with the following challenges:

—Making the new \$14 + million high school a vital and dynamic site for educational excellence in the town of Milford, so that the monetary investment by the townspeople will not have been in vain. This challenge includes implementation of a house plan, modular scheduling, individual study, etc., within budgetary limitations.

—Developing the first occupational education center to have been built in a Massachusetts comprehensive high school.

—Integrating Career Education into the entire curriculum 1-12, so that the Occupational Education Center will be the culminating educational experience for our students, and so that they will all be far more knowledgeable than they have in the past, concerning the vast variety of career opportunities that are accessible to them.

—The utilization of whatever Project CAREER has to offer so that the school system will be the major beneficiary of such activities. This includes grades 1-12 and the Handicapped component.

—The preliminary planning for the *de facto* Stacy middle school which will function more properly once double sessions are over.

In spite of the complexities of the preceding challenges, they are all in the process of being met, simultaneously.

Of invaluable assistance in meeting these challenges is our new Assistant Superintendent, Mr. Larry Zenor.

Teachers have developed and will implement more innovative projects and activities than last year. In addition, far more cooperative enterprises have been developed between teachers, in grades 1-12. Peer Supervision (i.e. a more experienced good teacher helping a less experienced potentially good teacher) has been formally initiated at each organization level. With training received from Project CAREER, and with the harnessing of their own talents and resources, teachers are developing a full scale, systematic approach to the integration of Career Education throughout the curricula.

High school teachers are in the process of more fully comprehending the challenge and possibilities of the new high school. They are engaged in the development of modular scheduling and preparing for the educational consequences of inaugurating a house plan.

With the cooperation of the State Department of Education's Occupational Education Department, and with Project CAREER's assistance, plans for the Occupational Education Center are underway.

Meeting the ever-growing challenges of assimilating handicapped children into the regular school program, we are now servicing children who are blind, children who are emotionally disturbed, plus pupils with an ever-growing variety of learning disabilities, expand-

ing and—wherever possible—integrating the educable mentally retarded pupils into the regular school program.

Fully cognizant of the negative factors of double sessions, the staff at Stacy has reached a satisfactory **modus operandi** with these factors and, additionally, has developed and accented positive aspects of double sessions, and has included the parents in germane discussions of methods of improvement. In addition, plans are being developed for the **de facto** middle school which will come into existence next school year.

It is anticipated that, once we have reached a stage where successful solutions to the preceding challenges have been identified, and are in the process of being fully implemented, we must initiate the awesome task of coordinating all that will be, by then, introduced into the curricula. This task, if done well, is of sufficient magnitude to warrant concerted and sustained action at that time.

In conclusion, I would like to repeat in part, what was stated in last year's report. 'Without any doubt, the demands upon this school system and the citizens of this town will increase steadily and unremittingly during the next decade as the direct result of the town's rapid population growth. No one is attempting to avoid his responsibilities, but no one elected body, such as the School Committee, and no appointed administrators, can assess, manage, and answer the needs of all the children of Milford without the wholehearted and sustained cooperation of all our citizens.'

The past year has been busier than the last, filled with myriad problems, and situations which required the members of the School Committee to spend an inordinate amount of time and effort. They deserve, both individually and collectively, the thanks of all of us for their selfless devotion to the needs of the children of Milford throughout 1972.

## REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

I submit my report as Sealer of Weights and Measures for the year ending December 31, 1972.

I notified in compliance with provisions of Section 41, Chapter 98 of the General Laws of Massachusetts, as amended giving notice to all persons, that all scales, pumps and measuring devices for the purpose of buying and selling goods, wares and merchandise to be brought in, and these devices to be tested, adjusted and sealed. I then inspected all places of business in the Town of Milford. I also reweighed approximately 2000 packages of pre-packaged goods.

There were approximately 514 measuring devices tested, adjusted, sealed or condemned. Sealing fees were turned over to the Town Treasurer.

## REPORT OF THE CONSERVATION COMMISSION

To the People of Milford:

The year has been the most active for your Conservation Commission, for two reasons:

(1) The newly amended Hatch Act (GL. L41, Ch. 40) has given additional responsibilities to local conservation commissions: 6 public hearings were conducted.

(2) The implementation of some of the Commissions plans.

It is our continuing desire to involve as many of our townspeople, as is possible in stopping pollution, preserving open space and improving the beauty of our town. The quality of life for our people is a first priority.

Most encouraging is the commitment made by a number of our young people.

Our junior conservationists, (Explorer Post 118), though still small, have done yeomen service. Unique in the state has been the distribution of 5000 evergreen seedlings to our townspeople. With the assistance of the National Guard in site preparation and the cooperation of the Milford Medical Home. They have developed a town tree nursery. Four hundred assorted seedlings have been planted and six hundred more will go in this spring. With a Hach water test kit,

they have won a demonstration award at a scout camporee and have begun a project of improving and monitoring water quality in the Charles River. They are continuing work on the construction of a conservation office in the basement of the Town Hall.

Boy Scouts under the energetic leadership of Jeffery Lovell have have completed a scout camp site in the town forest northerly of Dilla Street and have dug a well and installed a water pump. This spring it will be available for all scout troops or citizens for overnight camping.

Milford High School students with teachers in "Project Career" have begun development of project PARCS (Project Area for Recreation and Conservation by Students). A multiphase project to eventually include, nature trails, outdoor classrooms, hiking trails for visitors, playing fields, etc. The present phases include a picnic area on Clarks Island and a skimobile - bike trail between routes 495-85.

Mrs. Verna Cahill has continued a series of articles: "Survival" in the Milford Daily News dealing with conservation and the quality of life in our town.

The commission has financed a study and a published report: "Natural Resources Program of the Town of Milford" conducted by the Worcester County Conservation District, and meetings have begun for the complete soil mapping and land use study for the town.

Two additional youths have been sponsored to the 1972 Massachusetts Junior Conservation Camp Week. The commission has installed a second floodlight at Kiwanis Park.

The Greenleaf Garden Club and Casasanta and Bedrosian Builders, were recipients of plaques awarded by our commission for significant contributions to the cause of conservation in our town.

We continue to solicit everyone's concern for the quality of life in Milford, to clear our air, water, and landscape, to improve our plot, our streets, our town.

# ANNUAL REPORT OF THE VETERANS' SERVICE DEPARTMENT 1972 MILFORD, MASSACHUSETTS

## INTRODUCTION

To the Board of Selectmen, Veterans and their families, and the Citizens of Milford:

The Veterans' Service Department, a department of the government of the Town of Milford which provides all services to veterans and their families, presents our Annual Report for the year 1972. This report will be a brief summary of services rendered and financial expenditures.

The Veterans' Service Department extends our appreciation and praise to all veterans of all wars for their service to our Great Nation. We, the staff of the Veterans' Services Department, strive to meet all the needs of our veterans and their families. The problems and needs of this special group are vast and varied.

## VETERANS' BENEFITS

Veterans' Benefits administered through Chapter 115, as amended under The Commonwealth of Massachusetts statute, is the largest expenditure made in our budget. This program is to assist veterans and their dependents in time of need. The following conditions must be met to determine eligibility:

1. Veterans must have entered service accredited to Massachusetts or have three consecutive years of residence in the State.
2. Veteran must have a discharge under honorable conditions during a war time period.
3. Veteran or his dependents must meet requirements of worthiness and need.

The Commonwealth of Massachusetts reimburses the town 50% of expenditures made under this program.

During 1972, 50 veterans were discharged and returned to our community. The Veteran population in the Town of Milford is now in excess of 5,700.

The variety of services rendered by the Veterans' Services Department is as follows:

1. File claims for all VA benefits.
2. Procure evidence in development of all claims.
3. Acts as Veterans' representative in all Veterans' Administration matters.
4. Photocopy and recording of discharges and Notary services.
5. In summation, the Veterans' Services Department strives to operate a complete ONE-Stop center for veterans and their dependents.

The record will overwhelmingly show the results of service work performed by the Veterans' Service Department based on benefits received from the VA by our veterans and their families. Returns to the Town have been incalculable.

It has been firmly established by experts, who can estimate such things that all the billions of dollars that have been spent for the VA benefits have been recovered in the form of additional tax revenues.

The performance of the Veterans' Service Department in the Town of Milford to obtain Federal Benefits, have helped thousands of veterans and their families to achieve economic security.

### ACKNOWLEDGMENT

We express our deepest appreciation to everyone who has lent a helping hand in the administration of veterans and their dependents problems for the year 1972.

Commissioner Charles N. Collatos and his staff are to be commended for their continuing and untiring efforts on behalf of all concerned. To the Board of Selectmen, we extend our thanks for their due consideration on veterans' matters.

To Representative Louis Bertonazzi, Nathan Rosenfeld for their intercession in expediting veterans problems.

To Manager William Connors and his staff of the Veterans Administration Regional Office, Boston, for their continued work in all VA problems, our thanks and appreciation.

All other agencies who have assisted us in reaching a favorable conclusion in behalf of our special clientele, we express our thanks.

To my staff who have strived to provide the best of service, I extend my appreciation.

In conclusion, I wish to bring forth a problem that must be closely scrutinized:

1. With continued rise in unemployment, every avenue should be pursued to employ our returning veterans.

The Veterans Services Department pledges their continued efforts to maintain a department that will be rated in the highest regard.

Respectfully submitted,

ANTHONY J. MASTROIANNI  
Director

## PERSONNEL BOARD REPORT 1972

To the Honorable Board of Selectmen and the Citizens of Milford:

During the year 1972, the Personnel Board appraised the wage scale in every classification in the Town and co-ordinated the collective bargaining of the Police, Fire, School Crossing Guards and Highway and Sanitation employees. Salary increases were recommended when it was found increases were in order.

The Personnel Board will continue to advise and make recommendations to the Selectmen regarding wages and salaries of organized employees and also recommend and set wage rates for unrepresented employees.

The Personnel Board wishes to express the appreciation for the courtesies that have been accorded them and for the cooperation that we have received from the Selectmen, other Town Officials and Town Employees.

Respectfully yours,

ROBERT CONSOLETTI, Chairman  
LYLE NYBERG, Vice Chairman

# REPORT OF THE MILFORD ZONING BOARD OF APPEAL

The Milford Zoning Board of Appeal had 17 meetings during the year January 1, 1972 through December 31, 1972. There were 74 applications with the following dispositions:

- 37 variances were granted
- 18 variances requests were denied
- 6 applications were dismissed
- 6 applications were withdrawn without prejudice
- 3 applications were tabled for future action
- 2 special permits were granted
- 2 special permits were denied

—  
74 total

Also a hearing upon the appeal of Mrs. Ann McLain against the building inspector's granting building permits to the First Equity Trust was decided upholding the building inspector's decision.

As one will note, 1972 was a very busy year for the Milford Zoning Board of Appeal. A majority of the variance applications were for relief from our present set-back laws. With the ever increasing popularity of private swimming pools, we can expect an even greater request for variances since rear yard set-back requirements make it nearly impossible to construct without a variance.

Perhaps the Planning Board should consider an amendment to this law.

Another area of service, consideration should be given to amending the Zoning Laws pertaining open space and parking. As our laws now stand, we have only once classification which pertains to apartment houses and only last year an amendment was added to this section that has reduced these requirements for Housing for the Elderly only.

This Board has denied an application for a Special Permit to construct a nursing home in 1972, one of the reasons for the denial being inadequate area for parking. It seems only proper that restrictions that apply to apartment houses for normal, healthy people should not apply to people who are confined to a bed.

It is a waste of valuable land and a deterrent to the advancement of facilities much needed in our community.

I wish to take this opportunity of thanking Miss Catherine Coyne, Town Clerk, for her cooperative efforts on behalf of the Board.

Respectfully submitted,

DOMINIC BLASIO, Chairman  
BERNARD S. KUSHLAN, Secretary  
Milford Zoning Board of Appeal

# REPORT OF THE ANIMAL INSPECTOR

December 27, 1972

Board of Selectmen  
Milford Town Hall  
Milford, Ma. 01757

Gentlemen:

I hereby submit my report as Animal Inspector for the Town of Milford for the year ending December 31, 1972.

There were 24 cases of dogs investigated and quarantined for having bitten people; however, no sign of Rabies was reported in any of these cases.

As required for the Commonwealth of Massachusetts and in accordance with Section 19, Chapter 129 of General Laws, all barns and livestock in the town were inspected and found to be satisfactory.

In conclusion, I wish to thank the Board of Health and the citizens of Milford for their cooperation in 1972.

Respectfully submitted,

J. C. FABBRICOTTI, D.V.M.  
Animal Inspector

## ANNUAL REPORT OF THE MILFORD FIRE DEPARTMENT

To the Honorable Board of Selectmen  
and the Citizens of Milford

I herewith submit this report for the year 1972, and make these requests for the Fire Department.

That funds be provided for hiring of five more additional men, and for keeping the E.E.A. men that we now have. I have submitted an article, for the Town Meeting, which I hope will be supported by the Town Meeting, to acquire land for a new Central Fire Station, and another article for the hiring of an Architect, so that we may acquire plans and specifications, and have a cost figure for the 1974 Town Meeting. We hope to acquire 45,000 sq. ft. of land at the intersection of Walnut and Emmons Streets. This location is well within the prescribed mileage distance, of the Rating Bureau, for both High Value and Dwellings, and within close proximity of all the schools. This location does not have the traffic problems that we suffer now. The size of the lot should give us plenty of room for training and parking, something we do not have now. We have been studying two other sites for the past year, but both of these other sites were costly for site development or underground duct work for our Fire Alarm System, which would have pushed the cost above the Walnut Street site.

Recently we took delivery of a new 1250 G.P.M. Pumper, Engine 2, which is now in service at the South Main Street Station. Again, hopefully, a solution can be found to the traffic problems on East Main Street. This Department recently acquired, through the efforts of Lt. John Hennessy, Civil Defence Director, a Military Chassis into which we installed our water tank and pump, so that we now have a

tanker for "off the road operation". Several members of this Department are enrolled in a Fire Science Associate Degree Program at Quinsigamond Community College, in quest of an Associate Degree in Fire Science.

I would like to thank the Board of Selectmen, their Executive Secretary, and all other Town Departments and Officials for their full cooperation during the past year.

From January 1, 1972 to December 31, 1972 this Department responded to 584 alarms: 66 Box alarms, 431 Telephone alarms, 34 Personal alarms, 45 Police alarms, 8 radio alarms. A breakdown of the responses is as follows:

Building Fires	110
Grass or Brush Fires	76
Automobiles or Truck Fires	95
Oil Burner Fires	16
Out Of Town Calls	6
False Alarms	25
Emergency Calls	41
Inhalator Calls	41
Bomb Scares	5
Rubbish Fires	19
Electrical Fires	27
Chimney Fires	2
Miscellaneous Calls	60
Smoke Scares	28
Needless Calls	33

During the year 1972 this Department issued the following permits and inspected the work connected with the installation thereof:

Permits to Install Oil Burners	123
Permits to Store Fuel Oil	130
Blasting Permits	36
Permits to Store Flammable Fluids	75
Permits to Decorate Public Buildings	6
Permits for Ammunition Storage	5
Permits for Rockets	4
Permits to Remove Tanks	2

The Department also made the following inspections during the past year:

Nursing or Rest Homes	56
Hospitals	4
Public and Parochial Schools	84
Investigation of Suspicious	
Incendiary and Arson Fires	14

## MILFORD CIVIL DEFENSE AGENCY

To the Honorable Board of Selectmen and the Citizens of Milford:

It is my pleasure to submit the following report of the Civil Defense Agency for the year ending 31 December, 1972.

The monthly emergency warning tests continue to be successful due only to the cooperation and efforts of the Police Department, who receive the original alert via the State Police Teletype and the Tax Collector's Office who receives the backup alert over telephone land lines from the Hopedale Civil Defence Agency. This Agency is most grateful to Police Chief John J. McGrath, Officer Joseph Nigro, Tax Collector Robert J. Andreano and his staff for the efficient manner in which they handle this important function of Civil Defense.

Mr. Nello Allegrezza, of the School Department and Radiological Officer for the Town conducted a successful Radiological Monitoring Course during the months of October and November for Milford and other Sector 3B Communities. The Town is indeed most fortunate in having such a capable Radiological Officer as we have in Mr. Allegrezza.

In February, this Agency was able to secure for the Town, through the Federal Excess Property Program, a 2½ ton, 6 x 6, 4 wheel drive Army Cargo Truck. This vehicle is assigned to the Fire Department and has been converted by the members into a thousand gallon tanker at little cost to the Town. Special thanks and appreciation are due to: Ralph Carrachino of the Milford Auto Body Co. for painting the truck, Richard Mann, Milford Auto Parts, Inc., who donated the paint and to the Hopkinton Fire Chief Arthur Stewart and members of his department who assisted with the body work. Original cost of the vehicle to the Government was \$6,647.00.

This Agency recommends that the Town Meeting Members give serious consideration to establishing a Local Government Radio Network and Monitoring System to be used jointly by all emergency operating departments. Such a system would enable all departments to simultaneously receive all warnings of imminent danger to the community, whether it be of a natural disaster or a man-made incident.

At the present time the only inter-departmental communication system is telephone land lines which for day-to-day business and communications is adequate but could in the event of any disaster, be non-existent, or at best be subject to a over-loading of circuits.

In addition to the above mentioned, I would like to extend my sincere thanks and appreciation to: The Board of Selectmen, Town Clerk Catherine L. Coyne and her staff, Fire Chief John E. DePaolo, Highway Surveyor Ronald Speroni, Milford Daily News, Radio Station WMRC and to all others who assisted Civil Defense during the year.

## REPORT OF THE MILFORD PLANNING BOARD

To the Honorable Board of Selectmen  
and Citizens of the Town of Milford:

The Planning Board held bi-monthly meetings during the year 1972, with one meeting held during the months of June, July and August. All meetings are held in our office in the Town Hall.

Twenty-four plans thought not to require approval were submitted to and signed by this Board and three subdivision plans containing 48 lots were approved and signed. Four site plans were submitted and signed.

The Planning Board received petitions for changes to the zoning map and by-law for the annual town meeting and the following two special town meetings. This Board held public hearings on these requests and made its recommendations to the Town Meeting Members. The Board is gratified that most of its recommendations were followed.

This Board was also pleased with the action taken at the March Town Meeting regarding the adoption of a Capital Improvements Committee.

Through the co-operation of a federal grant, this Board has been very fortunate to have the assistance of Mr. John Bertorelli, Town Engineer and Mr. Charles Abrahamson, Jr., Town Planner.

We have continued to work with other Town Boards, Commissions and Committees for the improvement of Town affairs. Copies of the Town zoning by-law and building core are available at this Office for a nominal fee.

During this last year the Planning Board has made its Office available to the Building Inspector, and various other Town boards and commissions.

## REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen  
and Citizens of the Town of Milford:

The following is the seventh annual report of the Milford Building Inspector for the year 1972.

I have been continuing our Office hours between 8:00 and 10:00 A.M. each week-day morning with Mrs. Consoletti as Clerk. Being permanently established in the Town Hall has led to better co-ordination of administration and inspections.

The year 1972 shows a decrease of 40% in new single family dwelling construction over last year's figure and an increase of approximately two and one half million dollars in commercial-industrial construction. This massive increase in commercial and industrial construction will certainly play a major part in aiding the tax structure of the Town of Milford. Considering what is contemplated in 1973, the figure for commercial-industrial construction should be well into the four million mark.

The year 1973 should complete the house numbering assignment being done in conjunction with the local postal department.

About a dozen unregistered vehicles on private premises, in violation of the Milford zoning by-law were removed this year. Six safety inspections were conducted this year. These inspections are conducted with the State Building Inspector, Fire Chief and Board of Health Agent.

The following is a breakdown of the permits issued by the Building Inspector for the year 1972:

New Dwellings	134	\$3,247,250.00
Multi-Family Dwellings (20 units)	4	151,900.00

A food seminar under the supervision of Health Officer Adam F. Diorio was held in the Board of Health Office for four weeks. Mr. James Berrini, supervisor of food in the local school system was the instructor. Mr. Berrini teaches this subject at Northeastern University and is in charge of all the lunch programs in the Milford school cafeterias. The Board of Health is grateful to Mr. Berrini who put in much of his time gratis.

Two day care seminars were held by the State Department in the rooms of the Board of Health with Health Officer Adam F. Diorio in charge. These seminars aided the local women who wanted to care for children, a chance to update their credentials with the State Department demands.

# **REPORT OF THE POLICE DEPARTMENT**

TOWN OF MILFORD, MASSACHUSETTS  
POLICE DEPARTMENT  
JOHN J. McGRATH, Chief

January 10, 1973

The Honorable Board of Selectmen  
Town Hall  
Milford, Massachusetts

Gentlemen:

It is my pleasure to submit a report of the duties performed by the Police Department during the year of 1972.

In keeping with past policy a number of officers have attended and successfully completed specialized courses at various Police Schools. Sgt. Anthony DiGirolamo and Officer Carl Malo, the Attorney General's Seminars on Drug Abuse and related crimes, Officers Vincent Liberto and Carlos DoCurren, Crime Scene Search and Evidence Preservation, and Officer Joseph Arcudi attended the Drug Dependence Institute at Yale University. Also Officers Peter Veilleux and Louis Costanza completed the ten required weeks of Police training at the Massachusetts State Police Academy and the Police Training School of the Quincy Police Department. Several other Officers are attending Institutions of Higher Learning and are accumulating credits towards degrees in Law Enforcement. Specialized skills and knowledge are essential and these Officers are to be congratulated.

I earnestly recommend that the manpower of this Department be increased and equipment updated in order that we may continue to meet the increasing demands for our services in a professionally efficient manner.

May I at this time extend my sincere thanks to Boards and Departments for the cooperation extended to me over the past year.

Respectfully submitted,

JOHN J. McGRATH  
Chief of Police

# PROSECUTOR FOR MILFORD POLICE DEPARTMENT

January 12, 1973

To The Honorable Board of Selectmen  
Town of Milford  
Town Hall  
Milford, Massachusetts 01757

Gentlemen:

Herewith I submit my report as prosecutor for the Milford Police Department from January 1, 1972, through December 31, 1972:

I appeared regularly each week in the Third District Court of Southern Worcester to carry out the duties of prosecutor for the Milford Police Department as the needs of the Milford Police Department required. In carrying out my duties, it was necessary to interview several civilian witnesses as well as the police officers involved in each case in order to prepare the trial. In addition, a great deal of time was spent in answering the trial lists in the local court for purposes of arraignments and obtaining or agreeing to continuances for trial. The time involved for the preparation of trials and trial of cases, including the aforementioned interviews and appearances at court, exceeded 300 hours.

Criminal law violations in excess of 200 were prosecuted in the Milford District Court involving 110 defendants and it suffices to say that the results were very satisfactory without reference to the actual findings in each case. I am pleased to report that the Milford Police Department continued to benefit from the assistance of a prosecutor which up until my initial appointment, in 1971, was lacking. As previously stated in my report last year, the assistance of a prosecutor was a valuable asset to the Milford Police Department in the prosecution of its cases and in the performance of its duties to the public.

In closing, I once again wish to express my gratitude to the Board of Selectmen for my appointment as prosecutor for the Milford Police Department. I also wish to thank former Chief of Police William F. Fitzpatrick and our present Chief of Police John J. McGrath and all the members of the Milford Police Department for their cooperation and assistance in the prosecution of cases. In addition, I also wish to express my gratitude to the personnel at the Milford District Court for their cooperation and assistance during the year.

Respectfully submitted,

JOSEPH A. GATTONI

Prosecutor for Milford Police Department

# **REPORT OF THE CAPITAL PLANNING COMMITTEE**

To the Honorable Board of Selectmen:

In compliance with Article 28 of the Town By-Laws, the Capital Planning Committee submits the following report:

## **INTRODUCTION**

The Capital Planning Committee was established to provide for an orderly expenditure of Town funds for the financing of major public projects and the purchase of needed equipment.

In order to achieve this objective, the Committee undertook the following steps:

1. Prepared project cost estimates. All departments with proposed capital expenditures were required to submit detailed cost estimates for each project.
2. Establish Priorities. Each project is assigned a priority number for the fiscal year in which it has been placed. Needed public improvements and equipment purchases come first. The list of projects for the first year of the program is firm. The list for subsequent years is tentative and will be re-appraised from year to year to reflect the changing capital expenditure needs of the Town.
3. Fiscal Planning. Improvements are to be undertaken without imposing undue burdens on the Town's fiscal capacity. The Town's outstanding debt and the estimated costs of the projects for the upcoming year are considered in setting the priorities.

Financial planning of this type allows the Town to provide for the Capital Acquisitions it needs without the problem of requiring unusually high expenditures in any one year.

Priority	Item	Dept.	Total Cost	Raise Appro.	Borrow Period	Remarks
Year 1973 - 1974						
1.	Dilla St. Interceptor	Sewer	\$ 275,000.00	\$ 75,000.00	\$ 200,000.00	Involves new trunk line sewer from Dilla St. to Main St. to provide outlet capacity for new Purchase St. Interceptor and No. Purchase St. areas now being developed. Construction is required in order to permit additional sewer connections in this area of Town as ordered by the Water Pollution Control Board.
2.	Drainage and Sewer Infiltration Study	Planning and Sewer	20,000.00	20,000.00		This combined study will satisfy the orders of the Water Pollution Control Board and will be an aid to the Planning Board and Sewer Comm. in evaluating the condition of the present drainage and sewerage system and to plan the drainage and sewer patterns of the future. We strongly recommend this combined study rather than the sep-

erate departmental studies that have been proposed to us.

3. Dump Truck Highway 16,500.00 16,500.00 Replacement of 1960 Dump Truck.

4. Fire Alarm Truck Fire Dept. 13,000.00 13,000.00 Replacement of 1958 Fire Alarm Truck.

5. Backhoe Highway 16,000.00 16,000.00 Eliminates present practice of renting backhoe services from private contractors; to have equipment readily available when needed.

6. Preliminary Plans for rehabilitation of interior Town Hall Town Hall Renovation Comm. 20,000.00 20,000.00 Architectural specifications for renovation of the interior of the Town Hall which is now unsightly, inefficient and rapidly deteriorating. The renovations will be designed to provide additional and more efficient meeting facilities.

7. Acquisition of land and plans for New Central Fire Station Fire Dept. 50,000.00 50,000.00 Both present stations are outdated and space is inadequate for present and any additional equipment. Present site not strategic.

ally located due to community growth.

8. Acquisition of land for construction of addition to present facility      Highway      65,000.00      65,000.00

Land available adjacent to present facility would provide for future expansion of facility. Price appears excessive and would recommend outside appraisal and exploration of eminent domain procedures.

9. Sidewalk - Ivy Lane to purchase St. School      Highway

There is a program for new sidewalk construction under the jurisdiction of the Highway Dept. We feel the present \$10,000 appropriation should be increased to provide for additional sidewalks and increased costs of construction.

Projects approved at previous special Town Meetings which will reflect in the 1973-1974 tax rate for the first time.

## CONCLUSION

As required, we have made recommendations on all items submitted to us to be acted on during the current fiscal year.

Favorable action on all recommended items in the current fiscal year will result in an estimated \$3 to \$4 increase in the tax rate applicable to approved capital expenditures.

Attention is directed to the absence of future funding provisions for the renovation of the Town Hall and the addition to the Highway Department in subsequent fiscal years.

Our planning has been extremely handicapped by the lack of information from the School Department as to future capital needs beyond 1973. It is evident that money must be expended in this area for rehabilitation of existing facilities and construction of additional ones.

By the School Department not facing these critical needs, it is impossible for this Committee to project future capital expenditures in conjunction with the needs of other Town Departments.

Though worthwhile projects may seem excessively distant in time, continuous work must be devoted to the many lengthy and time-consuming prerequisites which have been in the past all too easily postponed without recognition of the long term delaying effect of such action. No longer should we continually postpone worthwhile projects but should allow these proposals to succeed or fail by community decision. We extend our appreciation to all Departments that have cooperated with us in preparing this report and a special thanks to:

Nicholas Pilla—Acting Secretary, Community Representative

Charles J. Miklosovich—Past Acting Secretary

# REPORT OF THE MIFORD FINANCE COMMISSION

February 8, 1973

To The Honorable Board of Selectmen:

This Commission in the past has advocated a number of changes in the internal operations of our Town Government.

We again request immediate consideration for a full time Administrator to properly supervise town affairs. The cost of municipal services are several million dollars and effective supervision is considered necessary to increase efficiency.

Many departments should be consolidated to eliminate duplication of equipment and personnel. A Department of Public Works is again recommended.

We wish to acknowledge the co-operation of all town departments during 1972 and suggest these recommendations be given priority consideration in order that plans for implementing these programs may begin immediately.

NICHOLAS P. MOSCHILLI  
Chairman

## TOWN ACCOUNTANT'S REPORT

To the Honorable Board of Selectmen:

Herewith I submit my Annual Report of the financial transactions of the Town of Milford for the year ending Decmeber 31, 1972.

Included is the usual Balance Sheet, a detailed report of the receipts from all sources of income, a detailed report of the Expenditures of each Department and Account, a Recapitulation Schedule showing Appropriations, Receipts and Transfers, Expenditures and Balance and also the estimated cost to run the various departments as submitted by them for the coming year. Also included is a Debt Schedule showing the Outstanding Debt and Maturity by years.

I wish at this time to thank all the Departments for their cooperation during the past year.

Respectfully yours,

MICHAEL J. HANNIGAN  
Town Accountant

## **REPORT OF THE MILFORD URBAN REDEVELOPMENT AUTHORITY**

To the Milford Board of Selectmen and the  
People of Milford

The Milford Redevelopment Authority held regular monthly meetings, on the second Tuesday of each month, at Town Hall.

Immediately following our reorganization meeting in April, 1972, our agency embarked on a survey of self-evaluation, concentrating our analysis on progress made to that point in time. From this study it was emanate that we had to formulate a new set of priorities.

In prior years great efforts were made by this town agency to acquire federal funding. Unfortunately, due to the failure to implement the minimum standard of human habitation code, together with a re-directing of funds and the Federal Austerity Program, Milford was not able to benefit from any federal assistance.

We have focused our attention on two major programs. First, was to make appropriate inquiries into the feasibility of securing State funding. We have been in contact with the Mass. Department of Community Affairs and the Mass. Department of Natural Resources.

It has long been our opinion, that Milford can benefit greatly from its Redevelopment Authority, without a high cost, full scale renewal project. This can be accomplished through our second program; that of a co-operatively sponsored open space utilization project. This would involve the establishment of additional parks and recreational facilities within our hometown.

We have taken immediate action relative to this latter program. During the past few weeks, we have met with the Milford Revolutionary Bi-Centennial Commission concerning the possibility of a co-sponsored parks and recreational venture.

We will continue to work toward our goal of providing the people of Milford, with a progressive and successful redevelopment program for future growth.

Respectfully submitted in behalf of the members of the Milford Redevelopment Authority.

Sincerely,

L. MICHAEL DeMANCHE, JR.  
Chairman
